

Feather Flag Setup Guide

Step 1: Assemble the Pole

Connect the 4-5 pole sections by inserting them into each other. Push firmly until each section clicks into place.

Step 2: Attach the Flag

Slide the flag's reinforced sleeve over the pole from top to bottom. The elastic bungee cord at the bottom keeps the flag taut.

Maintenance Tips

- Bring flags indoors during severe weather
- Hand wash with mild soap, air dry
- Rotate flags weekly
- Store in carrying bag when not in use
