

Wholesale Feather Flags

Buyer's Guide 2025

Why Choose Wholesale Feather Flags?

Feather flags offer unmatched visibility for businesses of all sizes. Whether you're a franchise with 50 locations or a single retail store, wholesale pricing makes professional outdoor advertising affordable.

Choosing the Right Size

- 8-10ft: Indoor events, small storefronts (viewing distance 20-50ft)
- 12-13ft: Standard outdoor use, roadside visibility (50-150ft)
- 15-16ft: Highway locations, large events (150-300ft)

Pro tip: Order samples in different sizes before committing to bulk orders.

Material Quality Matters

Our flags use 110gsm knitted polyester with dye-sublimation printing:

- UV-resistant inks prevent fading
- Reinforced stitching on all edges
- Weather-resistant for 12+ months outdoor use
- Lightweight for better wind movement
